## PROFESSIONAL SUMMARY

Recent BBA graduate with hands-on experience in full stack web development. During the COVID-19 pandemic, I discovered a passion for coding and completed training in HTML, CSS, JavaScript, React, Node.js, and Python at Pro Stack Academy. Gained practical experience through a successful internship at Greet Labs PVT LTD, contributing to web projects and working in collaborative teams. Eager to leverage a unique blend of business and technical skills in a full stack developer role, contributing to innovative projects and continuous learning.

## EDUCATION

**Bachelor of Business Administration (BBA)**

**April - 2022**

**Dharmamurthi Rao Bahadur Calavala**

**Cunnam Chetty's Hindu College**

**First class with 75%**

## TECHNICAL TRAINING

**Prostack Academy, Bangalore**

**November 2023 - April 2024**

**Fullstack Web Developer -Bootcamp**

### **Project 1:Full Stack Food Delivery App**

**Description:** Developed a comprehensive food ordering website and app using React JS, MongoDB, Express JS, Node JS, and Stripe payment gateway.

#### **Features Implemented:**

- ❖ Created frontend website, admin panel, and backend server components.
- ❖ Implemented user authentication system for account creation and login.
- ❖ Integrated shopping cart functionality for adding food items and placing orders.
- ❖ Utilised Stripe payment gateway for secure online payments.
- ❖ Implemented order status update features for enhanced user experience.

### **Project 2:Full Stack CARA E-Commerce Website**

**Description:** Developed a comprehensive eCommerce website using the MERN stack - React JS, MongoDB, Express, and Node JS.

#### **Features Implemented:**

- ❖ Created frontend website to display products, product cart, and login/registration pages using React JS.
- ❖ Developed a backend server using Express and Node JS to handle APIs for various functionalities.
- ❖ Implemented CRUD APIs for adding, displaying, and updating products, as well as managing cart items and user authentication. Utilised MongoDB for efficient data storage and retrieval.
- ❖ Designed an admin panel for managing product inventory and updates.

## PROFESSIONAL EXPERIENCE

---

**GREET LABS PVT LTD (Internship Trainee)**

**June 2024 - Present**

**Full Stack Web Developer**

- ❖ Utilised modern frontend technologies (HTML5, CSS3, JavaScript, Bootstrap 4).
- ❖ Implemented backend solutions with Python and MySQL, including LeadSquared CRM integration.
- ❖ Executed WordPress theme and plugin development, incorporating custom functionalities.
- ❖ Created and integrated custom email templates, responsive landing pages, and CMS solutions (WordPress, Webflow, WooCommerce).

## TECHNICAL SKILLS AND INTEREST

---

- **Languages:** Python, JavaScript, HTML, CSS
- **Libraries:** React.js, Redux, TailWind, Bootstrap
- **Web Dev Tools:** VScode, Git, Github, Postman, Jupyter Notebook
- **Frameworks:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Areas of Interest:** Web Development, Frontend Developer, Backend Developer
- **Soft Skills:** Problem Solving, Self-learning, Adaptability, Quick Learning
